Do You Want To Talk About

Making An EXTRA \$1000.00-\$5000.00

This Fall On... INDOOR EVERGREEN FOLIAGE PLANTS

By Planning Now: You can increase your sales by giving your customers a better plant buy at a lower price.

Believe me, planning is important and I can pass on to you, by way of a liberal discount, volume production savings resulting from planning done now!

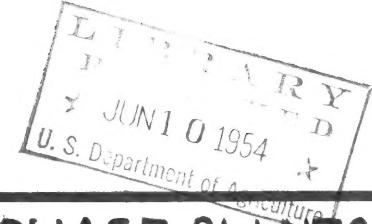

Your labor costs and mine are still high.. My 25 years of planting and growing show that I can save you money if I can start now the crop that will go in the space where your order comes out in the Fall.

So, You tell me what kind of plants and how many (in thousands) you would need for **SEPTEMBER** or **OCTOBER DELIVERY** and I'll quote you a real money savings!

(One customer who used to order plants during season is now ordering 50,000 in advance and saving a lot of money.)
